# For the community where we live

Denver Health Medical Plan is not your ordinary health insurance carrier. Unlike regular insurance companies that operate to make a profit for their shareholders, we're a local, nonprofit company that directs our funds toward the well-being of our members and making quality care accessible to all.

Since 1997, we've dedicated ourselves to serving the Denver metro community. Today, more than 100,000 members trust us with their health care needs.

Comprehensive Services

Our services are diverse to help meet the needs of each individual, and we provide our members with the tools and assistance to proactively manage their health and wellness.
